

KUNNAN

The Story:

Founded almost three decades ago, Kunnan quickly developed a reputation for building some of the finest rods available. Kunnan was one of the first to bring carbon fiber materials and innovation into its rod blanks and quickly developed the admiration of many anglers as an innovator and building of quality rods.

Today, Kunnan is continuing to bring anglers cutting edge designs, construction, and materials and we believe our customers are just like our Kunnan team and believe that there are few things in their lives more essential and enjoyable than time fishing. We are all avid anglers and have many years of experience in the fishing industry. Our driving force is to create and build rods we want to use and are constantly experimenting with new material, designs, and technologies to refine our rods.

Every rod we build represents a lifelong commitment to the sport and to deliver our customers the ultimate in durability, quality, and refinement without breaking the bank. You see, we don't just strive to build the best rods we can, we also strive to do it at the best possible value to you. At Kunnan, we believe that access to the best should also be affordable.

COMBOS

KUNNAN FIEND RODS, REELS & COMBOS

FEATURES:

- Graphite composite Body, side-cover, and rotor
- Stainless steel ball bearings
- Cork/EVA knobs
- Carbon fiber drag washers, with a wide and incremental drag range
- Lightweight, strong, corrosion-resistant graphite body
- 5+1 stainless steel bearing system
- Durable Guide system
- Sensitive graphite composite blanks

KUNNAN FIEND RODS, REELS & COMBOS

Whether fishing your favorite freshwater spot or chasing fish inshore or near shore, the Kunnan Fiend rods family offers the right actions, weight, strength and durability to get the job done. These rods feature both EVA and cork grips, aluminum oxide guides, and a graphite blank. Low profile frames with aluminum oxide inserts provide a lightweight and durable guide set and the aluminum oxide inserts provide a hard-durable surface that works great with today's braided lines.

FEATURES:

- Graphite composite Body, side-cover, and rotor
- Light and Strong Graphite Carbon construction
- Lightweight skeletal reel seats
- Aluminum Oxide guides
- Lightweight, ergonomic split foam grip on freshwater models
- Premium cork grips on all inshore models
- Strong, blank-through-handle construction
- Convenient hook keeper

Kunnan Freak Rods:

Freak rods come in a full range of spinning, casting, boat, stand-up, live bait, and surf rods designed to cover a wide variety of saltwater fishing applications. Built with quality components, Freak rods are built with precise actions and attention to detail. UV epoxy coatings are used to protect against the sun and salt, providing an exceptional value for the serious saltwater angler. 1 year limited warranty.

Surf:

Freak's powerful design and long casting surf spinning rods are constructed with graphite composite blanks and fitted with premium aluminum oxide guides, non-slip grips, and a reel seat with cushioned, strong stainless-steel hoods.

Inshore:

Freak inshore rods have been designed for a lighter feel and improved balance. Featuring new blank designs and quality components.

Boat Spinning & Conventional:

Freak boat rods have spinning, conventional, and live bait models available. Constructed with tough E-glass blanks, these rods are designed to hold up under the toughest saltwater fishing applications. These rods feature comfortable EVA foregrips and butts, graphite reel seats with reinforcing stainless steel hoods, guides premium aluminum oxide.

Standup:

Freak Standup rods are constructed with strong, extremely tough E-Glass blanks, Aerial stand-up rods provide incredible fish fighting power. Features included on various models include comfortable, non-slip EVA foregrips, slick butt with gimbal, aluminum reel seats, AFTCO® roller guides and tips, or heavy-duty Turbo guides. See the specifications chart below for individual rod details.

Live-Bait:

Freak Live Bait Rods are constructed with tough E-glass blanks, comfortable EVA foregrips and slick butts. These rods are designed with a soft tip for better bait presentation and plenty of backbone to fight the fish.

KUNNAN FREAK RODS

FEATURES:

- The new Kunnan Freak rods come in a full range of spinning, boat, stand-up, live bait, and surf rods designed to cover a wide variety of saltwater angling applications.
- Fitted with Fuji, PacBay, Stuart, and AFTCO quality components, Freak rods are built with precise actions, hand assembled to our strict standards and using quality coatings to protect against the sun and salt, providing an exceptional durability and value for the serious saltwater angler.
